

Environmental Policy Statement

Top Management endorses this Environmental Policy and ensures that it is communicated, understood, implemented, and maintained at all levels within the Company and ultimately, that it achieves its intended outcomes. Top Management promotes and is committed to the continual improvement of the EMS to enhance its environmental performance. This is facilitated through the setting of environmental objectives based on its significant environmental aspects, compliance obligations and considering its operational risks and opportunities. The results of which are communicated to interested parties, where appropriate

T. J. Evers Ltd is committed to ensuring that it:

- Complies with all compliance obligations, where these relate to our environmental aspects and ISO 14001:2015.
- Provides employees and others with the resources needed for the EMS, including support, direction and encouragement to fulfil the requirements, commensurate with their role.
- Strives to integrate the EMS into all business processes.
- Considers the environmental lifecycle of products, prevents pollution, and meets other specific relevant commitment(s).
- Uses and monitors the use of energy, water, materials, and other natural resources as effectively as possible, giving particular regard to the lifecycle, and long-term sustainability of consumable items.
- Manages and seeks to reduce the carbon emissions of plant, machinery, and vehicles by way of alternative methods of motive and operational power, including electric and potentially hydrogen power, vehicle sharing, journey planning, local employment, and use of local suppliers, where practicable to do so.
- Develops, maintains, and regularly reviews action plans for the further reduction of carbon emissions and to aim for carbon neutrality in our operations by 2030.
- Manages the transport of both labour and materials to and from worksites to minimise travel and cut carbon emissions to a practicable minimum.
- Ensures that the environment and carbon emissions are considered in the procurement of goods and services and seeks to minimise the transport of these to sites.
- Gives appropriate consideration for the environment in the goods and services it provides to customers.
- Works with interested parties to encourage improvement to the global and local environment.
- Supports other relevant management roles to demonstrate leadership as it applies to their areas of responsibility.

T. J. Evers Ltd hereby certifies that the Scope of the Management System and all associated documentation accurately describes its use within the Company such as to meet the requirements of ISO 14001:2015.

The EMS will be monitored, measured, evaluated, and enhanced regularly under the Top Management’s ultimate responsibility, with regular reporting and communication of its status and effectiveness at all levels.
